AMMC AUXILIARY DONATES TABLES

Arkansas Methodist Medical Center's (AMMC) Auxiliary recently donated four drop-leaf tables and one folding feeder table totaling more than \$2,270 to AMMC's inpatient rehabilitation program. These tables will replace the department's old dining room furniture, and will be used by patients in wheelchairs and those needing assistance with meals.

"These special tables are more convenient and adaptable to the needs of the medical center's patients," Joyce Simpson, President of the AMMC Auxiliary said.

One of the key missions of the AMMC Auxiliary is to make direct purchases of equipment and supplies needed by AMMC staff for patient services and care.
